Post-Surgery Bra Strap Pad

*The **comfortHer**TM Surgery Bra Strap Pad is designed to provide you with post-operative comfort*

following implantation of a pacemaker, defibrillator, chemotherapy port, or other medical procedure where your bra strap could irritate the surgical site.

Made of a silky-soft, washable tricot nylon fabric with triple-padding and unique internal stiffeners, the comfortHer pad gently protects the post-surgical area from the constant rubbing of your bra strap during everyday activities.

Easily adjusted to fit any bra, the comfortHer pad's low profile enables it to be worn under most any of your clothing without being seen.

Stay comfortable after surgery with the comfortHer bra strap pad, available only from Pressure Products. To order or for more information, call 800-600-4973, or visit our website at www.pressure-products.com.

Adjustable Velcro strips allow comfortHer to be used with almost any bra strap.

Designed for patients with:

- *Pacemakers*
- *Defibrillators*
- *Mastectomies*
- *Chemotherapy ports*
- *Other medical conditions*
- *Or anytime bra strap irritation is a problem*
