SafeSheath® Sealing Adapter
Hemostatic Valve for Medtronic and St. Jude Medical Introducers

with press-fit connector, easy-splitting, tear-away hub, and infusion side port for vascular access

Available Models for
Medtronic
Attain™ Catheters
St. Jude Medical
CPS™ Introducers

Stick with the best.
SafeSheath® Sealing Adapter
Hemostatic Valve for Medtronic or St. Jude Medical Introducers

**FEATURES**

- Unique press-fit connector for Medtronic Attain introducers
- Slot-locking mechanism designed to securely attach to St. Jude Medical CPS introducers.
- Fluid- and air-tight seal between Sealing Adapter and introducer
- Innovative tear-away design with break-away hemostasis valve
- Remains hemostatic when single or multiple wires are within it, as well as when leads need to be introduced or exchanged
- Reduced risk of blood loss and air embolism
- A side port for “keep open” infusion

**PRODUCT DESCRIPTION**

The SafeSheath Sealing Adapter provides the convenience of the SafeSheath splittable valved system when using a Medtronic Attain™ or St. Jude Medical CPS® Introducer.

Every SafeSheath Sealing Adapter provides an air- and fluid-tight seal between it and the introducer. Its specially-designed valve allows insertion of single or multiple wires while remaining hemostatic, reducing back bleeding and the possibility of air embolism during lead introduction or exchange.

The convenient sideport allows aspiration and flushing of the introducer, as well as contrast and fluid administration. And after lead or catheter placement, the easy-splitting, break-away hub greatly simplifies device removal.

Each Sealing Adapter for the Medtronic Attain comes with a press-fit connector insuring a secure attachment between adapter and sheath.

The slot-locking mechanism of the Sealing Adapter for St. Jude Medical CPS introducers creates a tight seal with both braided and non-braided models.

**ORDERING INFORMATION**

Each SafeSheath Sealing Adapter kit includes:

- One tear-away sealing adapter w/ side port
- Five (5) kits per box
